SBA is the federal government's primary source of funding for the long-term rebuilding of disaster-damaged private property. SBA helps homeowners, renters, businesses of all sizes, and private non-profit organizations fund repairs or rebuilding efforts, and cover the cost of replacing lost or disaster-damaged personal property. These disaster loans cover uninsured and uncompensated losses and do not duplicate benefits of other agencies or organizations. For information about SBA programs, applicants may call 800-659-2955 (TTY 800-877-8339), or online at SBA's Web site at www.sba.gov/disaster .
